

Barista Training

The Big Coffee.com offers all our customers **FREE** Barista training, which you can experience from an award winning Barista trainer.

Included in your package is a comprehensive barista skills course held at Miko's training centre in Leigh. The Course covers all aspects of the production of quality coffee, including equipment maintenance and cleaning, grinder setting, milk techniques and coffee presentation covering the full range of drinks you will be serving from your Big Coffee vehicle.

Even if you have no prior experience in espresso based drinks you can rest assured that the training team at Miko/Big Coffee will show you all the necessary skills to produce consistent, quality drinks that your customers will enjoy.

The course will be run by either a Miko or Lavazza barista trainer and upon completion you will receive a certificate and a training manual covering everything in the course.

The History of Miko

Since 1801 Miko has sourced the globe for the finest coffee beans and meticulously blended them for full bodied, award winning coffee products using techniques honed over time. Miko's Passion for the ultimate espresso stems from being a family run business with a love of coffee and a culture for perfectionism.

As a coffee roaster with over 200 years of experience you can count on Miko to offer you the ideal blend or roast, whether it is beans or filter coffee you are looking for. We are extremely confident you will find a blend to suit your tastes.

Miko's vast expertise and history in coffee blending and roasting has enabled us to produce a range of espresso blends of supreme quality, each with its' own unique character.
